2023–24 School Accountability Report Card

Reported Using Data from the 2023–24 School Year

California Department of Education

Address:	1300 Moody Ln. Geyserville, CA , 95441-9670	Principal:	Jessica Glentzer, Principal
Phone:	(707) 857-3592	Grade Span:	9-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Teacher Preparation and Placement (School Year 2020–21)

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	0.10	24.00%	15.10	84.99%	228366.10	83.12%
Intern Credential Holders Properly Assigned	0.00	0.00%	0.00	0.00%	4205.90	1.53%

Note: The data in this table is based on full-time equivalent (FTE) status. One FTE equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

Opportunities for Parental Involvement (School Year 2024–25)

There are many opportunities for parent involvement at Geyserville New Tech Academy (which also includes Buena Vista High School).

Some of the organizations that meet on a monthly basis are: Geyserville Educational Foundation, District English Language Advisory Committee (DELAC), and Site Council. The local Kiwanis Club also has parent members who help with school programs and scholarships. Each year there is a DELAC Parent Visitation Day, as well as a 6th grade parent orientation, freshman parent orientation and Back to School Night in the fall and Open House in the Spring

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school graduation rates;
- High school dropout rates; and
- Chronic Absenteeism

Professional Development

Previously, certificated employees attended the professional development (Presented by SCOE Educational Services and the Behavioral Health Department) on Monday which included student centered training in the morning and QPR (Question-Persuade-Refer) training in the afternoon. Just like CPR, QPR is an emergency response to someone in crisis and can save lives. Staff learned the warning signs of mental distress and a potential suicide crisis. They learned to recognize someone at risk for suicide, how to intervene, and how to connect that person to appropriate resources. Sonoma County Office of Education's Behavioral Health Department will be providing suicide prevention training for students as well. Grades 11 - 12 will have training on September 27, 2022. Grades 9 - 10 will have training on October 6. A parent letter was mailed on Friday September 28 with information on the training as well as additional mental health resources.

Instructional Aides were invited to attend a training on handling difficult student behaviors. The training lasted two hours and included information on how to redirect students with challenging behaviors as well as what adults might be doing to trigger our more challenging students. The District will encourage Instructional Aides to attend additional training scheduled for future dates.

January 3, 2023 on the New Tech Campus all district staff met to participate in a professional development opportunity on Universal Design for Learning with SCOE's Educational Support Services and Behavioral Health staff.

Together we review the foundations of Universal Design for Learning (UDL) and learn related strategies that not only increase student learning and academic achievement, but also increase engagement and improve school climate. There will be time for whole group learning and breakout sessions that focus on specific strategies of UDL that can be used immediately in the classroom.

Staff also have early release days on Wednesday to have site specific staff development.

Most currently, our PD focus has been implementing writing across content areas. We are using AVID strategies for engagement and structures for collaboration to get ALL students writing. Teachers are working on bringing in more

use of rubrics, clear goal setting, and student self-assessment (as a build in/continuation of of last year’s UDL focus). The 23-24 UDL focus of goal setting and self-assessment folds naturally into our 24-25 strengthening writing skills in all content areas.
